Overview

I'm delighted to welcome your participation in 2024 International Conference on SmartRail, Traffic and Transportation Engineering (ICSTTE 2024) on October 25-27, 2024. The conference will be held in Chongqing, China. It is organized by Beijing Jiaotong University, Southwest Jiaotong University and Fujian University of Technology. The exceptional event is to promote progress in the field of SmartRail, Traffic and Transportation Engineering by hosting a global forum aimed at facilitating discourse and the exchange of ideas among the world's top innovators, scientists, academics, researchers and thought leaders in the field. Over the three days of this conference, you'll have opportunities to hear about the latest developments and changes in an incredibly exciting field. We are grateful for all the work done by members of Advisory Committee, Organizing Committee, Program Committee and Technical Committee.

Topics of interest include, but are not limited to:

- Railway transportation
- Air transportation
- Maritime transportation
- Automated transportation
- Public transit
- Highway design and control
- Transportation safety
- Land use planning
- Sustainable transportation
- Heritage, Local, and regional identity
- Transportation infrastructure management
- Economics and policy

Publication

All accepted and presented papers will be published in digital conference proceedings, which will send for reviewed and indexing by major citation databases such as EI Compendex, Scopus and Google Scholar. Selected papers will be considered for submission to journals after significant extension. These papers will be considered for a regular issue on **Smart and Resilient Transportation Systems** or special issue on **Green Energy and Intelligent Transportation**.
